Turnouts for a hospital and a hospital rescue squad.

Aug. 6: Southampton Hospital held its 47th annual summer party in a tent on a lawn adjacent to the hospital. For years the event was one of the very few benefit parties in the Hamptons; now there are dozens. The party, attended by more than 1,000 guests, had a safari theme and raised \$1.5 million.

Aug. 7: The Fitch's Corner Horse Trials took place in Millbrook, N.Y. The event, featuring dressage and stadium and cross-country jumping, is held on a farm with white-trimmed red barns, stone walls and views that seem unchanged from Colonial times. Unlike some of the larger horse shows, it has a homegrown charm; there are no shouting commercial advertisements anywhere on the grounds. Founded by Fernanda Kellogg and Kirk Henckels, the trials benefited the Millbrook Fire Department Rescue Squad, for which they have raised more than \$120,000 over the last 10 years.
